

5466 SPRING GARDEN ROAD

BARRIER FREE

IMPROVED FACADE

NEW OFFICE AND RETAIL

Proposed addition and exterior upgrade

A renovation and addition brings an enhanced design and a barrier-free destination at Spring Garden Road and Queen Street.

The facade is updated and made consistent throughout the building. The historic building is emphasized. An addition accommodates barrier-free access, an elevator and an increase in office and retail space.

Safety is ensured with a louvered south-facing support structure and doors do not swing onto the sidewalk. Garbage and transformers are no longer visible from the street. Canopies cover each entrance and nighttime lighting warms the outdoor space.

PUBLIC OPEN HOUSE

February 10 @ 4PM - 6PM
1475 Queen Street, Halifax
